[Join Microsoft Teams Meeting](#)

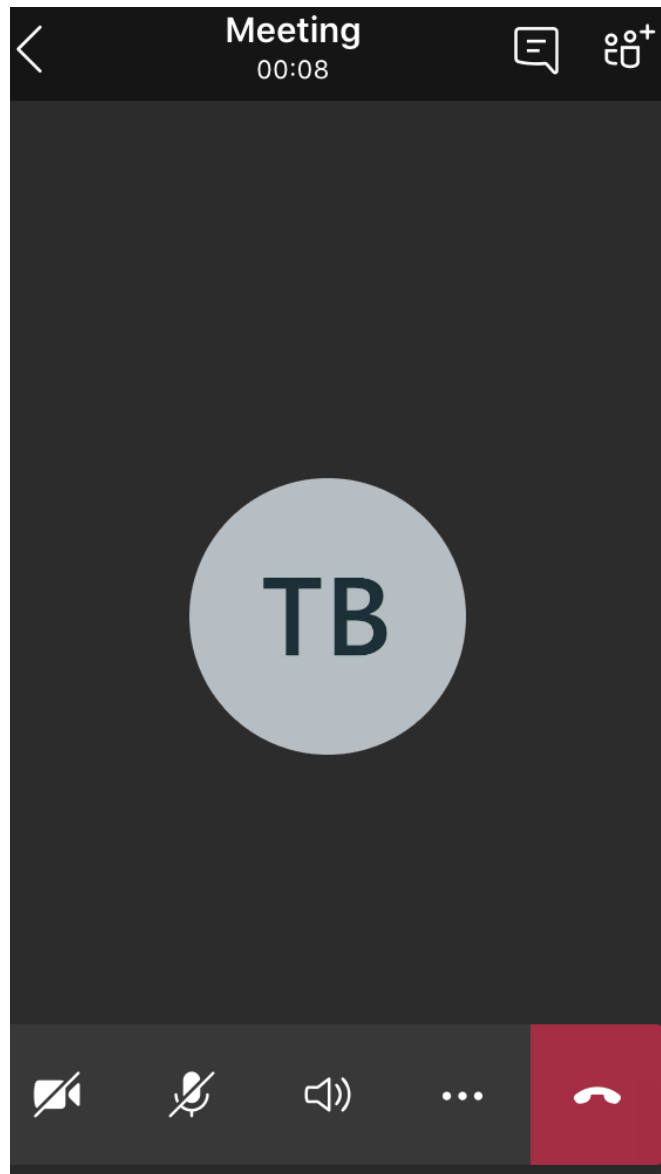

[Learn more about Teams](#) | [Meeting options](#)

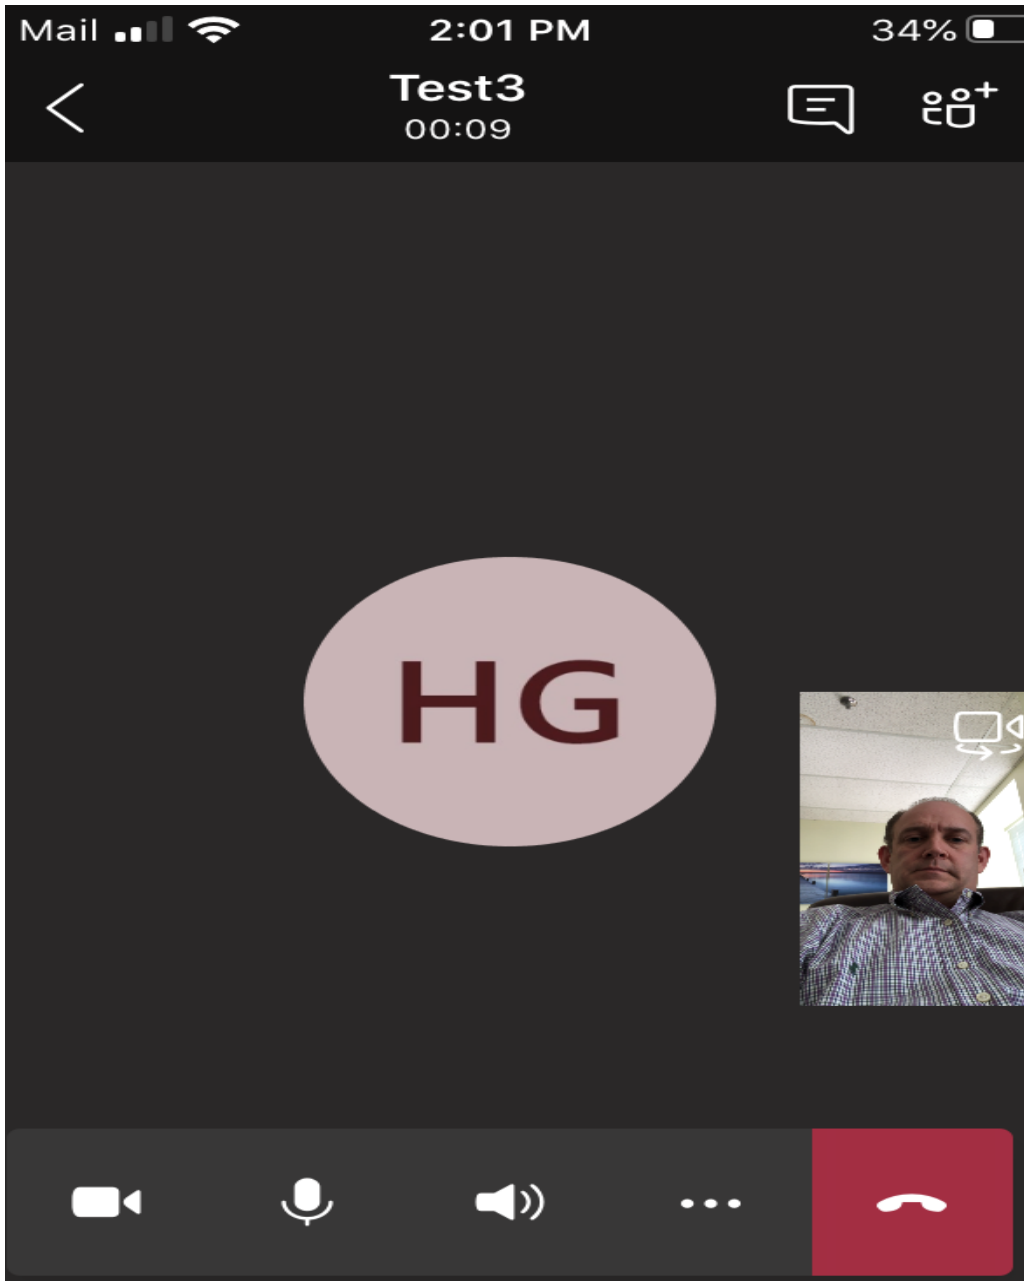

3. You will now see a screen with your initials. Next click on the JOIN NOW button at the bottom of your screen.

4. You will now be joined into the meeting. Next click on the Camera Icon and the Microphone Icon (bottom left screen) to activate both the video and audio. Wait for your therapist to join the session.

5. You will see your Therapist's initials display. Your clinician will then activate their camera and microphone on their end to establish full video and audio connectivity. You are now ready for your Telehealth Session.

When the session is over click the **RED PHONE** button to disconnect.
